

# GLENWOOD HIGH SCHOOL

1 ZK Mathews Rd, Glenwood, Durban, 4001 | 031 205 5241 | www.glenwoodhighschool.co.za

5 August 2021

Dear Parents / Guardians

## COVID-19 PROTOCOLS

Please note the following protocols in place at Glenwood High School regarding Covid-19.

1. If a boy tests positive for Covid-19, he must quarantine for 10 days before returning to school.
2. Boys who leave school (Covid-19 related issues) must isolate for a minimum of 8 days and be tested prior to coming back to school, if:
  - 2.1. He has had close contact with someone who has tested positive for Covid-19.
  - 2.2. He exhibits flu-like symptoms and his parents are unsure if he has Covid-19. (*This is in place to protect the staff and boys in the school*).
  - 2.3. He has had secondary contact with someone who has tested positive **and** is displaying any flu-like symptoms.

In addition, please remind your sons to:

- A. Always wear a mask in public
- B. Maintain social distancing (especially during break)
- C. Wash and sanitise their hands regularly (particularly prior to eating food)

Furthermore, we politely request that boys refrain from public and social gatherings as these are “superspreader” events and significantly contribute to the rise in positive Covid-19 cases.
