MEDICAL INSURANCE 2025 – PERSONAL ACCIDENT DURING SCHOOL HOURS

All Glenwood High School boys are covered by our GPA Group Personal Accident Insurance through NMG Consultants and Actuaries PTY Ltd which is administrated by Health & Accident Underwriting Managers PTY Ltd. (Full Brochure attached)

The extent of cover is limited to R50 000.00 per injury per boy for 2025 at a Netcare Casualty or Hospital facility. Should the claims exceed the limit, the balance over and above will be for the Parent/Guardian account. Should the claim from GPA-Insurance not be covered for whatever reason, the Parent/Guardian will remain liable for the outstanding accounts.

NB: If you are members of a registered Medical Aid you will not be able to claim against our GPA Insurance, as this is not allowed by our insurers.

All injuries will be assessed by either our Paramedics or Medical Staff on duty at Glenwood on the day of injury. Furthermore, once assessed Netcare 911 will be contacted for a telephonic assessment and then authorization given if medically warranted. Our GPA insurance only utilizes NETCARE facilities.

The onus remains on the parent to advise the staff on duty or medical service providers if they are on a Medical Aid and to ensure that they are advised of any medical aid restrictions. Should claims not be settled in full by your Medical aid, the outstanding amounts will be for the Parent/Guardian account.

We request that you assist us in this process by providing us with the correct information and keeping us up to date should any details change.

MR P. JACOBS
PRINCIPAL
